

Ahmad Zameer Nazari

I am an undergraduate senior (graduating 2026), pursuing electrical and electronics engineering. I hold diverse interests: a deep awe for science, appreciation of art presented in any form, and keen passion in understanding the electrical foundations underlying our world today. I am an eager learner, with a keen eye for detail and dedicated to continuous improvement. I tend to approach problems analytically, and employ first-principles thinking. I have strong interest in Machine Learning and Data Science, Control Theory, Embedded Systems, RF Circuits, and Signal Processing.

EDUCATION

2022 - 2026 Student at **Muğla Sıtkı Koçman Üniversitesi**, department of Electrical and Electronics Engineering. As a senior I hold a perfect **CGPA of 4.00/4.00**.

EXPERIENCE/PROJECTS

- Designed and implemented a simple 32-bit 5-stage pipelined **RISC-V microprocessor** microarchitecture on GOWIN **FPGA** - written in **SystemVerilog** - with a memory-mapped UART and SPI peripherals.
- Undertook an Erasmus+ Traineeship Mobility at **Politehnica University of Timișoara**, Romania, gaining invaluable knowledge in **Image Processing** and **Deep Learning**.
- As part of my Machines course, built a GUI with Python Tkinter framework, to compute and analyze **Transformer** and **AC Synchronous Motor/Generator** parameters.
- Carried out an internship at the Provincial Directorate of Industry and Technology of Türkiye.
- Collaborated in the production of science videos under the YouTube channel **SciWave**, where recent scientific breakthroughs are presented in an engaging visual medium and simple language.

SKILLS

- Electronic Circuit Design and Simulation Tools: Proteus, KiCAD, Ansys HFSS, Ansoft Designer, Logisim
- Digital Hardware Design & Computer Architecture: FPGA, SystemVerilog, ModelSim, RISC-V ISA
- Embedded Interfaces and Protocols: UART, SPI, I2C
- Industrial Automation / PLC Programming: CODESYS, Phoenix Contact PLCnext Engineer
- Programming: Python, MATLAB
- Data Science & Machine Learning: Matplotlib, Numpy, Pandas, SciPy, SymPy, Scikit-learn, Tensorflow, Pytorch
- Web Development and Dashboards: HTML5/CSS3, Javascript, Tailwind CSS, Django, Panel, Tkinter
- CAD and 3D Design: AutoCAD, SolidWorks, Blender
- Adobe Creative Cloud Suite, Microsoft Office Suite

LANGUAGES

- | | |
|--------------------------------|------------------------------------|
| • Persian/Dari - <i>Native</i> | • Turkish - <i>Intermediate</i> |
| • English - <i>Advanced</i> | • Urdu/Hindi - <i>Intermediate</i> |
